## SKILLS

- **Languages:** HTML, CSS, Java, JavaScript, C++, PHP
- **Libraries & Frameworks:** React, Tailwind CSS, Express, Next.js, Bootstrap
- **Tools & Platforms:** Git, GitHub, Node.js, VS Code
- **Databases:** MongoDB, MySQL
- **Soft Skills:** Problem-Solving, Time Management, Project Management, Team Player

## PROJECTS

- **Dice Game Simulation** | [Link](#) Sep' 25 – Nov' 25
  - Developed a web-based Dice Game Simulation using HTML, CSS, and JavaScript, enabling two players to roll dice and view results instantly.
  - Implemented random number generation with dynamic DOM updates to display dice outcomes and automatically determine the winner.
  - Designed the system with a modular and responsive structure, allowing easy addition of new game rules, animations, and enhanced UI interactions.  
**Tech Used:** HTML, CSS, JavaScript
- **Netflix Clone Website** | [Link](#) Jun' 25 – Aug' 25
  - Developed a Netflix-style streaming platform using React.js featuring a clean, responsive, and visually appealing user interface.
  - Leveraged Firebase Authentication for secure user access and used the TMDB API to fetch dynamic, real-time movie and show data.
  - Constructed protected routing, reusable components, and dynamic content rendering to ensure a smooth user experience.  
**Tech Used:** React, JavaScript, CSS, Firebase, TMDB API, Git, GitHub
- **Green Living Tips Chatbot (CHATBOT-GREENPLUS)** | [Link](#) Sep' 24 – Dec' 24
  - Developed a responsive web-based chatbot that provides users with green living and sustainability suggestions through a smooth chat interface.
  - Built chat UI using HTML, CSS, and JavaScript, including dynamic DOM updates, animations, and mobile-friendly design.
  - Designed the project in a modular and scalable structure, making it easy to integrate AI models or external APIs in the future for smarter and more accurate responses.  
**Tech Used:** HTML, CSS, JavaScript, PHP, MySQL, Firebase Hosting

## CERTIFICATES

- Computational Theory - Infosys | [Link](#) Aug' 25
- Java Programming - Cipher School | [Link](#) Aug' 25
- Code-a-thon Hackathon - LPU | [Link](#) Sep' 24
- Software Engineering - Coursera | [Link](#) Sep' 24
- Personality Development - Infosys | [Link](#) Oct' 23
- Responsive Web Design - FreeCodeCamp | [Link](#) Aug' 23

## EXTRACURRICULAR ACTIVITIES

- **Community Development Project – NGO** Nov' 23
- Collaborated with an NGO to support social welfare initiatives by distributing essential resources and organizing awareness drives for underprivileged communities.

## ACHIEVEMENTS

- **Solved 100+ LeetCode Problems:** Jun' 25 - Present  
Earned 2 skill badges and achieved 50-day and 100-day streaks, reflecting consistent problem-solving ability.
- **Achieved 3★ in Java & C++ on HackerRank:** Nov' 24  
Demonstrated a solid understanding of programming concepts, logic building, and competitive problem-solving skills.

## EDUCATION

- **Lovely Professional University** Phagwara, Punjab
- *Bachelor of Technology - Computer Science and Engineering; CGPA: 7.4 / 10* Aug' 23 - Present
- **Shri Ramlata Devi Public School** Agra, Uttar Pradesh
- *Intermediate (PCM); Percentage: 80.1* Apr' 21 – Mar' 22
- **St. Joseph Vaz Vidhyaniketan School** Talbehata, Uttar Pradesh
- *Matriculation; Percentage: 64.6* Apr' 19 – Mar' 20
